

Further to the announcement on March 1st regarding members only training sessions; the Phantoms committee have decided that, until further notice, the last Saturday of each month will be open to existing registered members only. As previously stated, although participation in these sessions will be limited to members only, all are welcome to come along and spectate.

In addition to these regular "Phantoms Only" sessions there will be additional dates for members only nights announced in the near future.

As always, if you need any additional information, then please contact either the team manager or secretary.
