

It's that time of year again; but this year the process is so much more simple! The EIHA Rec have recently updated and improved their web site which now allows club administrators to use an on-line re-registration facility. At the moment all you need to do is contact us and confirm you wish to re-register for next season. So if you've had fun with the Phantoms, training and playing games, and want more of the same in the next 12 months, then get in touch ASAP.

The deadline is September 23rd 2006.
