

After what seems like an eternity, we finally have the first batch of Flintshire Phantoms team shirts. The decision to have a team strip was made at last years AGM and since then most of the intervening time has been spent designing a logo and selecting colours. Once that was task was completed the search then began for a supplier. The club eventually decided on Eagle Sportswear, where Colin Williams has been particularly helpful, giving advice and providing samples. Once the order was placed the shirts were produced and delivered within 10 days.
